Properties:

| | |
|----------------------|-------------------------------|
| Colour: | White to off-white |
| Form: | Powder |
| Bulk density: | Approx. 700 g/l |
| Moisture: | Max. 14% <i>ISO 1741</i> |
| pH: | Approximately 6 <i>ISI 26</i> |

VISCOSTAR[®] 400 is a food grade starch extracted from fresh GMO-free roots with the original granule structure intact and it is insoluble in cold water. When cooked in water the gel appears clear, transparent with a neutral taste.

This particular native product is selected for its excellent binding properties.

Applications

Due to its bland flavour and excellent texture VISCOSTAR[®] 400 finds uses as a binder in extruded fish feed.

With VISCOSTAR[®] 400 high-energy feeds is produced for fish farming.
